Indiana ITE/LTAP Summer Seminar Series

Due to the uncertainty of being able to host the Indiana ITE/LTAP Summer Seminar this summer, the decision has been made to hold a virtual summer seminar series over the course of June and July in lieu of a one-day seminar. The plan would be to host one presentation per week via a virtual platform. PDHs would be offered for the sessions, and they will be priced to be reflective of the cost of a portion of the full seminar. Session times may vary at times; a virtual happy hour might be held following one of the sessions. More information will be forthcoming soon as plans are finalized. If you have a potential presentation topic for one of the sessions, please contact the Technical Planning committee or one of the board members.

Your Indiana ITE Board continues to process the results of the member survey at the beginning of the year. Based on input received from our membership, the October Tech Lunch is going to be held at a new venue, Taxman CityWay!
