2020 Indiana ITE Scholarship Golf Outing Recap

Our 2020 Scholarship Golf Outing was a huge success! Thank you to everyone who attended, donated and/or sponsored. If you see scholarship golf outing committee members Ken Slaninka, Zach Wolf and John Nail, please give them a big thank you for putting on a great event! Three individuals putted for the \$5,000 prize; unfortunately, no winners this year. Thank you to our sponsors who helped us put on a great event. Last, but certainly not least, thank you to our members and colleagues who came out to support our event. We look forward to another great event next year! Some photos from the event are on page 3 and more are posted on the [website](#).

Purdue is also hosting a virtual event entitled "**What I Wish I Knew Coming Out of School - A Conversation with Young Professionals in Transportation**". This is open to the section membership. You may meet a future employee!

Indiana ITE Student Chapter Virtual Visits

With the ongoing pandemic, the board is looking for alternatives to our usual in-person student chapter visits. Dates and times are forthcoming once they are finalized with the student chapters. The board is looking to schedule two virtual visits for the remainder of 2020 and two more virtual visits during the spring semester of 2021. Keep an eye out for more information and join in to interact with the students.

How many times can you subtract 10 from 100?

Once. The next time you would be subtracting 10 from 90.

Engineer vs. Management

A man in a hot air balloon realized he was lost. He reduced altitude and spotted a woman below. He descended a bit more and shouted, "Excuse me, can you help me? I promised a friend I would meet him an hour ago, but I don't know where I am."

The woman below replied, "You're in a hot air balloon hovering approximately 30 feet above the ground. You're between 59 and 60 degrees north latitude and between 107 and 108 degrees west longitude."

"You must be an engineer," said the balloonist. "I am," replied the woman, "How did you know?"

"Well," answered the balloonist, "everything you told me is technically correct, but I've no idea what to make of your information, and the fact is I'm still lost. Frankly, you've not been much help at all. If anything, you've delayed my trip."

The woman below responded, "You must be in Management." "I am," replied the balloonist, "but how did you know?"

"Well," said the woman, "you don't know where you are or where you're going. You have risen to where you are due to a large quantity of hot air. You made a promise, which you've no idea how to keep, and you expect people beneath you to solve your problems. The fact is you are in exactly the same position you were in before we met, but now, somehow, it's my fault."
