February Virtual Technical Webinar

Sign up now! Brad Steckler of INDOT will be presenting this Thursday, February 25th at 11:30 a.m. EST on *The Greatest Disruption of Transportation in Indiana History: A Mostly Graphical View of Period March 2020 to February 2021*. Use the link to the right to get yourself registered to learn what impacts COVID has had on transportation in Indiana.

Sponsorship Drive 2021!

With the start of the new year, we are looking for this year's Section sponsors! Corporate sponsorships help us fund our section activities and our scholarship distributions. Please encourage your firm's principals to consider sponsoring our Indiana Section of ITE for 2021! The sooner you get your sponsorship finalized, the sooner your company's logo is included in our section's material! A big thank you to those firms who have already signed up for their 2021 sponsorships.

Purdue Road School 2021

If you are not already aware, the 2021 Purdue Road School will be conducted virtually. For more information, please check the Road School [website](#). Given the change in venue for the conference, ITE will not be hosting its annual Road School dinner. The Board is evaluating other opportunities for our members to potentially coincide with Road School. Stay tuned for more information!

Indiana ITE Student Chapter Virtual Visits

With the ongoing pandemic, the board is looking for alternatives to our usual in-person student chapter visits. Dates and times are forthcoming once they are finalized with the student chapters. The board is looking to schedule two more virtual visits during the spring semester of 2021. Keep an eye out for more information and join in to interact with the students (and potential future employees!).

2021 Great Lakes District Collegiate Traffic Bowl Competition

The ITE Great Lakes District Traffic Bowl committee has decided to host the 2021 district traffic bowl competition virtually due to the ongoing pandemic. Mark your calendars for April 20th at 6:30 p.m. EST! More information to come as details are finalized, but expect a live stream of the event and a potential watch party to support Indiana schools that participate.

2021 Great Lakes District Annual Meeting – New Date!

The ITE Great Lakes District Annual Meeting has been pushed back to August 30-31. Registration is not yet open, but save the date on your calendar! The conference will be in-person, and we would like to have a strong showing from our section at this first annual meeting of the new Great Lakes District! More information to follow as it is available.

Community Corner

Congratulations!

Please join the Board in congratulating our President Lauren Arthur and her husband Eric on the birth of their first child Bradford, born on Feb. 1st! We wish them the best as they start a new chapter in their lives.

Submit your content to us!

Have some exciting or feel good news? Send it to secretary@indianaite.org! Pictures are welcome but not required. Help us keep up with each other during these socially distanced times.

We want you, the membership, to be an active part of this newsletter! To submit information for consideration in future newsletters, please email Secretary@indianaite.org.

Additionally, click the image below to see upcoming ITE International events!

Engineering Flowchart

For Fun

Joke of the Month

Milk & Eggs

A wife asks her husband, an engineer, for a favor.

"Darling, can you please go to the shop to buy one pint of milk? And if they have eggs, get a dozen!"

Off he goes to the shop, and half an hour later he returns with 12 pints of milk.

His wife stares at him and asks, "Why on earth did you get 12 pints of milk?"

"Well... they had eggs," he replied.

Day Trip in Indiana

Blue Springs Cavern

Tired of being stuck at home without much to get you out? With the weather starting to warm (slowly), would it feel great to be outside? Consider a day trip to Bedford, IN to take in the Blue Springs Cavern. It is the longest underground navigable river in the United States!

Take a guided boat tour, kayak, view some unique wildlife, and/or even camp overnight nearby! See the link above or the website [here](#) for more information.
