Reminder – Vote for Next Year’s Board now!

Voting for next years’ board of directors for the Indiana Section is open! All current members should have received a personalized email invitation to vote. Voting closes this Wednesday, November 24th! Vote before you head out of the office (or town) for your Thanksgiving plans!

Indiana ITE Section Committee Spotlight – Scholarship Committee

ITE Indiana’s Scholarship Committee is chaired by Jim Loew this year. This committee plays a very important role in our support of student chapters. This committee distributes the annual scholarship application to Indiana schools, sets the scholarship scoring criteria, reviews all scholarship applications and submits a recommendation to the Section Board on scholarship awards. The scholarships help us support the next generations of transportation professionals. Consider where your talents might help support the Indiana Section.

Summer/Fall Seminar a Success!

We had a great turnout for our 2021 Technical Seminar! We were thankful to be able to host our event in-person. We had several great sessions. Thank you to everyone who contributed to a successful event: the summer seminar committee, session moderators, speakers, vendors/exhibitors, and all of the attendees. We hope that 2022 will be even better!

A Great Turnout for the Purdue Student Dinner

Another in-person event, another success! We had a great turnout for our annual Purdue Student chapter event. We had 11 students giving presentations to practice for TRB, and we had approximately 40 attendees for supper! Thank you to everyone who showed up to support the Purdue Student Chapter.

ITE Job Corner

Your position here!

Indiana ITE board reserves the right to include information at their sole discretion, and submission of information for publication does not guarantee its future inclusion.

ITE – Our Success Depends on YOU! Consider volunteering today.

The Institute of Transportation Engineers, similar to many other organizations, has been built upon the willingness of many individuals sharing a collective interest to volunteer time to make things happen. It is our collective membership that makes us a successful organization, not just the efforts of a few individuals. We are all very busy (Indiana is blessed with a great infrastructure program), but we cannot forget the organizations where we get to network for those upcoming opportunities. For your professional New Year's resolution, consider volunteering a little bit of time either at the Section or District level to help us continue to improve our events and offerings. Reach out to any Board member today to get involved! When we spread the workload out, it becomes a very manageable commitment.

Help Us Stay in Touch with You

Your Section Board is currently going through our member and nonmember lists, working to reduce the number of returned or undeliverable email notifications we get each time we send out information. You can help us with this effort! Make sure your profile and email address are up-to-date, particularly if you have made a career change in the past few years. Help us to keep community engaged and knowledgeable about current and future happenings.

Annual Indiana Section Meeting – Sign Up NOW!

We will be hosting our annual section meeting on December 10th at Cooper's Hawk! Sign up now for what is always a great meal and networking event with other section members right before the December holidays. More details are available the Indiana Section website under [Events](#). We hope to see you there!

Community Corner

Day Trip in Indiana

Sweetwater

Tucked up in northeast Indiana is the nation's leading music technology and musical instrument retailer – Sweetwater. Sweetwater was [founded](#) as a recording studio out the back of a van in 1979 by Chuck Surack. Today, it has grown to be so much more. With a distribution center, recording studios, a technical training center, manufacturing facilities and more, this facility is essentially a one-stop shop for any music lover. This is a worthwhile stop for anyone wanting to see what the buzz is all about.

While you are in the area, consider taking a bit of time to be a different kind of engineer at the [Fort Wayne Railroad Historical Society](#). Come learn about the history of railroads.

We want you, the membership, to be an active part of this newsletter! To submit information for consideration in future newsletters, please email Secretary@indianaite.org.
