Best Wishes from Your Indiana ITE Executive Board

During these uncharted times, your Indiana ITE Board of Directors continues to keep our members and friends forefront in our minds. Please keep yourselves safe as we combat the spread of COVID-19. Our members are what makes ITE a great organization, and we look forward to the future contributions you all can make to keep our organization great! While we have socially distanced ourselves, we have been an international organization for many years, so communicating electronically is nothing new to ITE. Our Board and ITE remain committed to you, and we will continue to adjust how we interact as a community as the situation evolves. Please use this opportunity to join the ITE Communities, if you have not already done so, to stay connected and continue to share and grow together.

Joke of the Month:

A Doctor and an Engineer both loved the same girl.

Doctor everyday gives her a Rose
Engineer gives her an Apple daily.

Why You give her an Apple everyday??

An apple a day keeps a doctor away.
